Dear Stephanie,

I would like to take this opportunity to express thanks to your organisation for facilitating the 'Power Point Presentation Course' for some of our services users.

We found your organisation to be professional and supportive in all aspects. The course delivery was of a high standard and the facilitator met the needs of the diverse group who participated in the course. We have received positive feedback from the participants and individuals are considering how best to use the new skills and knowledge they have gained.

We look forward to working with you again in the future.

Yours sincerely
